

Workshop 1: Testing the skills hierarchy

*31st MAI meeting
20 September 2019*

Objectives of the workshop

- ❖ Learn from ESCO implementers how they expect to use the skills hierarchy & their requirements
- ❖ Get feedback on the current skills hierarchy from ESCO implementers
- ❖ Brainstorm on testing the skills hierarchy in each use case & defining success

Organisational aspects

- ❖ Working in 2 groups
- ❖ 1st group focuses on the use case of EURES
- ❖ 2nd group focuses on the use case of Monster
- ❖ The experts who developed the skills hierarchy will help guide the discussions and take note of the feedback
- ❖ EURES & Monster representatives will sum up the conclusions of the workshop
